"In the matter of: Request for Review by Centennial School District R 1 of Decision of Universal Service Administrator"

USAC Application Number	234281
Funding Year	2001-2002

RECEIVED

FCC MAIL ROOM

Reference CC Docket Nos. 96-45 and 97-21.

Dear Commissioners,

1. We represent the Centennial School District R 1 on E-rate matters. Our interest in the matter presented is to ensure the best educational opportunities for Kindergarten through twelfth grade students of Centennial School District R 1, in San Luis, Colorado. This is a poor and very rural community. To the end of maximizing the limited educational funds we have available, we seek and are legally entitled to access Universal Service funding for our basic telecommunications services. At issue is \$34,000, and it is important to us. Associated with the school district is a consultant who attempts to help our schools access the funds available through the E-rate program.

2. Full statement of relevant material facts with supporting affidavits and documentation.

On August 27, 2001 our school received a letter of Decision on Appeal from the USAC Administrator. Our appeal was rejected because their records showed that "your appeal was received more than 30 days after the date your Funding Commitment Decision Letter was issued." The date of the Certification Rejection Letter was July 23, 2001. The date the Appeal was Received was August 23, 2001. The letter from the USAC Administrator says: "If you wish to continue this process, you may submit a new appeal stating the impediment to your filing your appeal within the original time, to the FCC at the following address". These relevant facts will therefore be directed toward impediments to filing within the original time.

The first and most significant impediment is that the events described occurred in the middle of the summer, when everyone was on vacation at varying times, and when very small

rural schools are staffed at minimum levels. A simultaneous change in staffing exacerbated our situation greatly.

The past Technical Coordinator who had been responsible for E-rate, left the school about May 25<sup>th</sup>, 2001. The Superintendent he had worked for left unexpectedly near the end of June, 2001. We have an E-rate consultant, Terry Parrish, who lives about 300 miles away and was essentially only known by the two who had left.

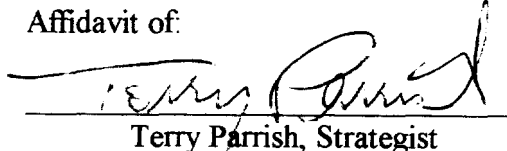

Ms. Angela Montoya came on board as Superintendent on July 2<sup>nd</sup>. She came from another District, and this is her first time in the position of School Superintendent. She had no transition from the past Superintendent of Centennial School, no experience with E-rate, and in fact she was beginning her first experience with the myriad other responsibilities of becoming a new Superintendent. Her attached affidavit describes more precisely the impediments she encountered.

Ms. Montoya received the Year 4 Funding Commitment Decision from the SLD, dated July 23, 2001. It was addressed to Terry Parrish, the consultant and contact for the SLD, but was mailed to the school address. Ms. Montoya didn't know the name, and as shown by her affidavit, her Secretary was out all month with a sickness and death in her family, the bookkeeper was on vacation, she had no one available to tell her who Terry Parrish was. August 13<sup>th</sup> Ationette Martinez was brought on as the new Technology Coordinator. Ationette also had no experience with E-rate. She did however open the letter and discover that something needed to be done.

Fortunately, on the 17<sup>th</sup> of August, a Friday, the consultant called the school to discuss future filing of the Year 5 application for E-rate. Ms. Martinez said "Oh, Terry Parrish, we've been wondering who you were." She faxed Terry the letter and by Monday the consultant had gathered the necessary evidence, written the appeal, and in the late afternoon was at the school (300 miles one way drive) to search the past files for additional documentation, to get original signatures and send the appeal out on time, we thought. Then came the last impediment. Our consultant, who is signing this letter as an attestation to all of this document, erred.

"In June, I helped with another appeal to the SLD for another school on a different issue. The letter we were appealing was dated June 7<sup>th</sup>, so the appeal was due July 7<sup>th</sup>. (30 days). As we were very hastily gathering and preparing documentation for the appeal at issue herein, I had in mind the Centennial School letter dated July 23<sup>rd</sup>, and said to myself the appeal is due August 23<sup>rd</sup>. It was just a brain hiccup on my part as consultant. I forgot to do the "30 days hath September, April, June, etc., etc". It was 31 days. This was not the fault of the schools. Please do not have them pay this hefty price for my mistake. I should add that as for myself, I and another person I hire to assist me, help several small, generally poor, rural schools through the very complex E-rate process. We charge a very low rate. We do it because we think it is important. We can do it because I work on other grants and technology projects with many of the same schools which allows me to do the E-rate for them also. Please grant them an affirmative answer."

3. The question presented for review. When the FCC and SLD are making decisions on E-rate applications, is the objective of acting in the Public Interest an adequate reason to allow a one day waiver of the 30 day rule? We think so. It is a USAC's Form 470 Certification Page, the reason for our appeal initially, which gives the FCC guidance to answer the question presented. Therein the FCC set its criteria for approving applications for E-rate funding. In the small print following the signature portion of the sheet, in paragraph three the FCC states:

"The FCC is authorized under the Communications Act of 1934, as amended, to collect the personal information we request in this form. We will use the information you provide to determine whether approving this application is in the public interest." (My emphasis, see attached signature sheet).

The objective is Public Interest, the method is the Rules. There are no differences between two parties in this case, which is where the rules would normally be sure to protect both interests. The one day error does not bind or delay the process significantly. Rather this appeal is a question of whether the method is more important, or the objective.

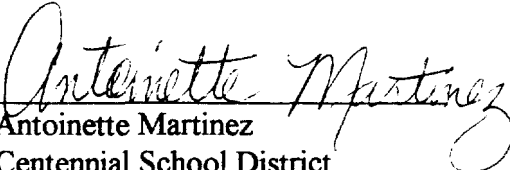

The question is whether this application is in the public interest. Absolutely. The applicant Centennial School District, is a poor, rural, school and seeks funding for both traditional and emerging competitive telecommunications service providers. This is the essence of the 1996 Telecommunications Act and its Universal Service funding requirements. The public interest is best served by funding this application.

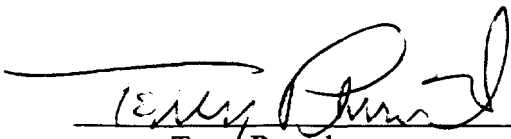

4. Relief sought. The USAC Administrator's Decision on Appeal (attached) rejected our appeal because "your appeal was received more than 30 days after the date that the relevant Funding Commitment Letter was issued. The FCC rules do not permit the SLD to consider your appeal." This appeal is based upon the letter we received from the USAC. Based on the above quote we are seeking a waiver of one day of the FCC rule which does not permit the SLD to review our appeal. We are asking the FCC to authorize the SLD to review our appeal which it received one day late. In the alternative and if it is appropriate, we request the FCC to also review and approve our appeal which is attached, and return it to the SLD with directions for the SLD to continue to review our appeal or for the SLD to approve it.

Relevant statutory or regulatory provision pursuant to which such is sought. The regulatory provision is contained within the attached Administrators Decision on Appeal. It states: "If you wish to continue this process, you may submit a new appeal, stating the impediment to your filing your appeal within the original time, to the FCC. . ."

As a final matter. We ask that the FCC recognize that this appeal is written by non-attorneys, and pray you afford us as liberal construction of the FCC rules and appeals as this process will allow.

To the best of our knowledge, all of the information set forth herein is true and correct. We sincerely thank you for your consideration and ask that you give us an affirmative answer.

To Federal Communications Commission:

Please accept this letter as an appeal request regarding our E-Rate Funding for the 2000-2001 school year. Let me begin by explaining the chain of events that have taken place at Centennial since last year.

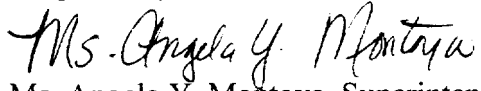

Pam Hermann the former Superintendent of Centennial School District left Centennial on June 23, 01. I was officially hired and begin working July 1, 01. On the day that I walked in, the bookkeeper, administrative secretary and receptionist were all gone. The Bookkeeper resigned from her position along with the Superintendent effective July 1, 01. The Administrative Secretary had gone with her husband (who was flown out Flight for Life) and was with him for the remainder of the month until he died on July 24, 01. Basically, this did not place the Administrative Secretary back in the building until August 13, 01. The only other secretary in the office was on a three-week vacation and was unavailable for me until the last week in July. In brief, support staff was unavailable for the first three weeks of my employment.

This meant that inquiries on resources, mail, budget, grants, and so forth was limited to say the least. When the secretary returned from her vacation, I soon found that inquiries with her were limited, simply because she had not worked directly with the former Superintendent. It wasn't until our **new** technology coordinator came in (which by the way did not happen until August 13, 01) that E-Rate Funding was starting to unlock keys to who Terry Parrish was and answered my question to mail that was coming to our district under his name (which by the way, the secretary did not know who he was nor did she know what he did). Once I put the coordinator on the E-Rate hunt and finding out whom Terry Parrish was everything started coming together.

In brief, the time spent in being unaware may have hindered our E-Rate Funding tremendously, however this letter is being sent as a part of the number of impediments that may have hurt our E-Rate Funding. Please take this letter into consideration, before affecting our E-Rate funding altogether.

Thank you for your time and consideration regarding this matter.

Respectfully,

A handwritten signature in black ink that reads "Ms. Angela Y. Montoya". The signature is written in a cursive, flowing style.

1. Dear Representative,

This is a LETTER OF APPEAL - for Centennial School District R 1, Entity Number 142400  
Regarding a Year 4 Funding Commitment Decision.

The SLD has assigned an **APPEAL CASE NUMBER 58629**  
Form 470 Application Number **814140000328194**  
and subsequent Form 471 Number 234281

The decision was not to fund any of the FRNs. The explanation was "The FRN references a Form 470 which has not been certified."

2. FROM: Contact Information:

E-mail [parrish@direcpc.com](mailto:parrish@direcpc.com)

3. This letter is an APPEAL of the decision above based upon two distinctly different, but each independently appropriate reasons.

First, we are certain the appropriate certification was sent and have the Postal Return Receipt card from the SLD to prove it. None the less, the SLD's processes associated with Certification led us to think that our 470's had been certified.

Second, our school submitted two 470s in year four, one of which was certified while the one being appealed herein was not. Since the Certification portion has no effect on the correctness and validity of the essential information on a Form 470, we believe the certification page the should suffice to cover the entire 470 process. Regardless, we have searched the web for any time limit on submitting the 470 Certification and found none, so we have attached a new form 470 Certification for the respective year four 470. This should complete the SLD files for audit purposes, and allow us to move forward in funding our service needs.

4. At issue are all of the FRN's associated with Form 471 Application Number 234281  
FRN's are: 604659, 606171, 606216, 606257, 606287, 606316.

5. This is the fourth year which Centennial School District has made application for funds to the SLD. In the first three years we were successful, albeit working our way through a very complex and constantly changing process. Realization of funding came through diligence, many telephone calls to the SLD who have answered a myriad of our questions, and carefully creating a paper trail of our activities. We appreciate that the process has also been very complex for the SLD staff, as they have had to alter the SLD processes and implement new forms to meet audit and accounting requirements. Please know that we have not taken the process lightly and consider the funding an essential enhancement to our educational opportunities in a very poor rural community. To our school, the \$34,000 at issue is a big deal. There are two solid reasons to approve our appeal.

FIRST, we are certain the appropriate certification was sent to the SLD, but don't know what happened to it afterwards. Fortunately, we sent the signature page "return receipt requested" as recommended by the SLD to prove it was received. (copy attached) We have no way of knowing what happened to it when it got to the SLD, and had no reason to suspect that our Form 470 would not be Certified.

The SLD's processes associated with Certification led us to think that our 470's had been certified. We received a "Form 470 Receipt Notification Letter" dated December 18<sup>th</sup>, which among other things stated that the SLD had NOT yet received our signed Certification page. Not surprising since we had only sent it on the 11<sup>th</sup>, during the Christmas rush. When the 28 day waiting period was finished we filled out our Form 471. The Box below is from the associated form 471.

When you get to the Form 471 Block 5, your beginning filling in service data. First you fill in box 11 with the category of service. Next you enter the 470 Application Number. There is a pause while the computer checks for a valid 470 Application Number, and the 470 allowable contract date. If you either make a type-0 inputting the number, or if 28 days have not passed since the posting date of the 470, the SLD computer will not let you go further. We entered the

correct 470 application number as you can see. If 28 days have passed without the SLD receiving the 470 Certification page, why didn't the computer check the Application Status on the 470, stop us at the time and tell us why? A combination of the computer accepting the 470 number, along with receiving a 471 approval and certification letter, left us absolutely no reason to think the 470 certification had never been posted.

The SECOND reason to approve our appeal is that the SLD has a Form 470 Certification page on a different Form 470. Our school district posted two 470's this year. Why two? Because two years ago a representative at the SLD 800 number recommended that we post our internal wiring applications separate from our basic service applications. The reason was to keep from holding up the funding process for basic services during the time while the final percentage level was set for internal wiring. It made sense to us since that was exactly what had happened to us during year two.

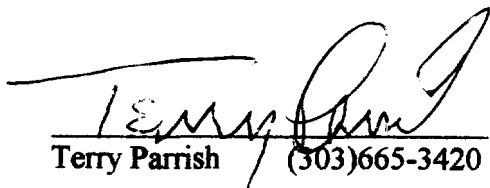

Of our two FY4 - 470's, the one for internal wiring was certified (470 Application Number 178790000328214, copy of front page attached) while the 470 for basic services being appealed herein (814140000328194) was not. Since the Certification portion has no effect on the correctness and validity of the essential information on a Form 470, but rather is to assure we are authorized to post a 470 (which is after all only a wish list) we believe the certification page the SLD has received on one 470 should suffice to cover the entire 470 process.

We do however understand the SLD's need to complete its own audit requirements and can understand that a certification form needs to be placed in each of the files for completeness. We have searched the web for any time limit on submitting the 470 Certification and found none, so we have attached a new form 470 Certification for the respective year two 470. This should complete the SLD files for audit purposes, and allow us to move forward in funding our service needs.

As a last element for discussion, we realize that there are bugs to be worked out when implementing any new system, especially one as complex as this. Making it more complex is not the solution. When the SLD found, apparently only recently according to the July 23<sup>rd</sup> funding non Commitment Letter, that the 470 had no certification page, why didn't they call us or send a letter. We would have quickly remedied the problem. Instead we have been forced into a time consuming process of appeal which is delaying access to essential educational services.

Thank you for your consideration. This school serves a very poor community and region, the type that the Universal Service Fund was set up to help support. An affirmative decision is vital to us. I welcome a call if you have further questions.

Sincerely,

Terry Parrish (303)665-3420
